

Enriched Content Subscriptions

Quickly Locate and View Online Resources in a Simple Search

- Encourage students to use the library more.
- Enjoy 24/7 resource access from anywhere.
- Spend less time searching, with maximum results.

One Search™

One Single Step, One Set of Results From Your Library Sources

What If Students and Educators Could Do All This In One Simple Step?

- Access your library collection and online databases with single search functionality via the internet anytime, anywhere.
- View a complete list of search results – at once – instead of one-by-one.
- Maximize library resources by taking full advantage of library offers.
- Complete quality comprehensive searches quickly and easily.

Maximize and Quantify the Value of Subscription Databases

By helping your users quickly consult a number of resources, One Search helps you maximize your online database investments by promoting greater usage. One Search supports many of the most common K-12 online resources including:

- Subscription databases such as World Book, Encyclopedia Britannica, Gale, Proquest and more.
- Public access websites and search engines.

Plus, One Search's report statistics help you make more confident library management decisions by providing quantifiable facts about users, and user types and subscription use.

Justify resource investment and promote greater use of online resources.

One Search

One Single Step, One Set of Results from All Your Sources

Reinforcing information literacy skills, One Search displays research results as a skilled researcher would. Students, teachers and curriculum directors spend less time searching, more time using critical thinking skills and more quality time in the library.

Media Specialists Love It

- Continuously have access to websites, search engines and subscription databases.
- Quickly locate and view resources in a single search.
- Give students the confidence to conduct self-directed searches and develop greater information literacy skills.
- Maintain visibility of your databases.

Your library is the central hub in your learning community. That's why this exceptional lineup of Enriched Content Subscriptions can help you strengthen the library-to-classroom connection and address essential learning needs and opportunities, enable collaboration and reinforce student achievement.
